EDUCATION

Padmabhooshan Vasantraodada Patil Institute of Technology

Sangli, Maharashtra

Diploma in Computer Engineering – Final Year Student

Expected 2026

- Current Percentage: 84.24% — Relevant Coursework: Object-Oriented Programming, Web Development, Database Systems

TECHNICAL SKILLS

Programming Languages: C, C++, Java, Python, JavaScript, HTML5, CSS3

Technologies & Frameworks: React, Next.js, Tailwind CSS, MongoDB, Supabase, Prisma

Developer Tools: Git, GitHub, Vercel, VS Code, Chrome DevTools

Core Competencies: Object-Oriented Programming, Code Review, UI/UX Design Principles, Automation Software Testing

EXPERIENCE

Industrial Training (90 Days)

June 2025 – September 2025

Swara Software Solutions

Sangli, India

- Developed responsive web applications using HTML5, CSS3, and JavaScript with cross-browser compatibility
- Collaborated with design team to implement user-centric interfaces and optimized UI/UX patterns
- Utilized Git and GitHub for version control in collaborative team environment
- Optimized website performance through code refactoring, reducing page load times and improving Lighthouse scores

PROJECTS

Wealth - AI-Powered Personal Finance Manager

github.com/nandkishor22/wealth

Next.js, Supabase, Prisma, Google Gemini API, Clerk Auth

- Built intelligent finance platform with AI-powered spending insights using Google Gemini integration for transaction analysis and budget recommendations
- Implemented real-time dashboard with interactive charts, multi-account management, and automated monthly PDF reports
- Developed AI-powered receipt scanning feature for automated transaction parsing and categorization
- Integrated bank-level security with AES-256 encryption, role-based access control, and 2FA support
- Deployed on Vercel with PostgreSQL database, Prisma ORM, and Supabase Realtime for live updates

Personal Portfolio Website

nandkishor-mali.netlify.app

React, Tailwind CSS, Vite, Framer Motion

- Designed and developed feature-rich portfolio with interactive project showcase, PDF certificate viewer, and dynamic filtering
- Implemented smooth page transitions with Framer Motion, dark/light theme toggle, and 3D hover effects
- Optimized performance with lazy loading, code splitting, and image compression achieving 97+ Lighthouse score
- Integrated Formspree for contact form handling and deployed on Netlify with CI/CD pipeline

LEADERSHIP & ACTIVITIES

Event Management: Coordinated technical workshops and coding competitions for 5+ participants

Creative Skills: Photography and videography for college events with post-production editing

Team Collaboration: Proven track record of working in cross-functional teams and mentoring peers

CERTIFICATIONS & INTERESTS

Interests: Open-source contribution, competitive programming, web technologies, AI/ML applications, photography, video editing
