EDUCATION

Padmabhooshan Vasantraodada Patil Institute of Technology

Sangli, Maharashtra

Diploma in Computer Engineering – Final Year Student

Expected 2026

- Current CGPA: 88.86% — Relevant Coursework: Object-Oriented Programming, Web Development, Database Systems

TECHNICAL SKILLS

Programming Languages: C, C++, Java, Python, JavaScript, HTML5, CSS3

Technologies & Frameworks: React, Next.js, Tailwind CSS, MongoDB, Supabase

Developer Tools: Git, GitHub, Vercel, VS Code, Chrome DevTools

Core Competencies: Object-Oriented Programming, Code Review,s, Automation Software Testing

EXPERIENCE

Industrial Training (90 Days)

June 2025 – September 2025

Swara Software Solutions

Sangli, India

- Developed responsive web applications using HTML5, CSS3, and JavaScript with cross-browser compatibility
- Collaborated with design team to implement user-centric interfaces and optimized UI/UX patterns
- Utilized Git and GitHub for version control in collaborative team environment
- Optimized website performance through code refactoring, reducing page load times and improving Lighthouse scores

PROJECTS

Wealth - AI-Powered Personal Finance Manager

github.com/nandkishor22/wealth

React 19, Node.js, Express, MongoDB, Tailwind CSS, Framer Motion, Groq AI SDK, JWT

- Built full-stack smart finance platform with AI chatbot for spending insights and personalized financial guidance using Groq AI
- Developed real-time analytics dashboard with interactive charts for income, expenses, and account analysis
- Implemented multi-account management, budget planning, recurring transactions
- Integrated WhatsApp notifications, email alerts, and secure JWT authentication
- Designed premium glassmorphism UI with Tailwind CSS and Framer Motion for smooth, responsive user experience

Personal Portfolio Website

nandkishor-mali.netlify.app

React 19, Vite, GSAP, Supabase (PostgreSQL), CSS3, React Router DOM

- Designed high-performance immersive portfolio with terminal-style UI, cinematic animations
- Built horizontal scrolling project gallery, command palette navigation, and real-time system dashboard experience
- Implemented advanced GSAP animations including scroll triggers, magnetic buttons, and smooth page transitions
- Integrated Supabase backend for project data management and dynamic content loading
- Optimized performance with modern build tooling achieving fast load times and responsive cross-device experience

LEADERSHIP & ACTIVITIES

Event Management: Coordinated technical workshops and coding competitions for 5+ participants

Creative Skills: Photography and videography for college events with post-production editing

Team Collaboration: Proven track record of working in cross-functional teams and mentoring peers

CERTIFICATIONS & INTERESTS

Interests: Open-source contribution, competitive programming, web technologies, AI/ML applications, photography, video editing
